# The Volante Roadmap

Towards Sustainable Land Resource Management in Europe

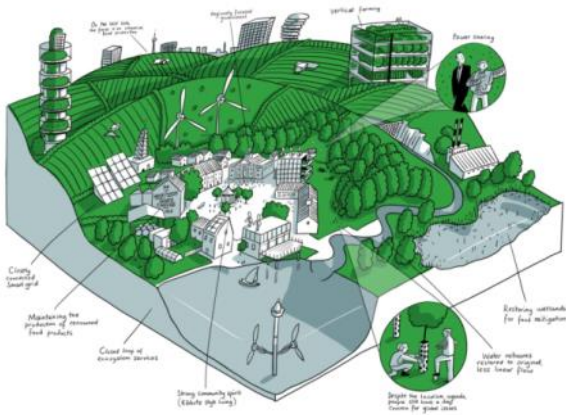

# Observed land use change in Europe

1990 – 2006

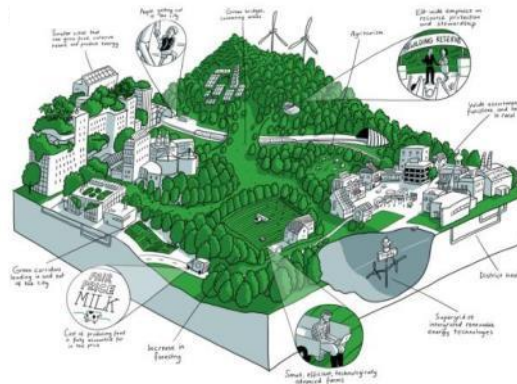

# Three consolidated visions

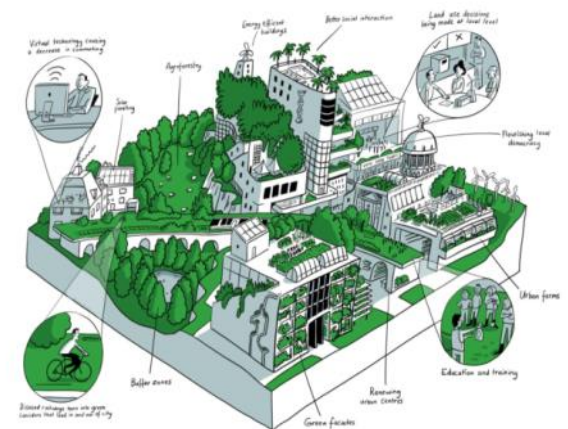

Best Land in Europe  
Optimal use of resources

Regional connected  
Living closer to the environment

Local multi-functional  
Self-sufficiency of local communities

# Major Conclusions

- General consensus is emerging
- We don't get what we want !
- Policy implications challenging
- Creative visionary thinking needed

# Towards a sustainable European land use management for the future !

## A Joint Challenge
